9 0 1

Chapter 1 by Nebula

Oil everywhere that is all that is left of the economy. Oil.

Honestly we should have run out ages ago but oil keeps coming back. The drills are running nonstop. It never ends.

It's like a stream how it looks like it should end soon but it doesn't.

My name is Nsia Wolf. I have been working the oil drills for 30 years never being suspicious until I did some snooping around in the governments database.
